

# Atlas outdoor

## TECNICAL FEATURES

**Structure:** base in painted aluminum. Backrests and armrests in multi-ply wood.

**Padding:** non-deformable polyurethane foam of various densities covered with waterproof material.

**Feet:** in painted aluminum.

**Covers:** completely removable with "Flat" stitching.

**Headrests:** in polyurethane foam covered with waterproof material. Placement on the backrest is via a rope-colored polyester strap, fixed at the bottom with Velcro.

**Tray:** in Iroko wood.

**Metal accessories:** all the metal elements such as fixing hooks for backrests and armrests, screws, staples and more are in stainless steel.

**Important notes:** the components of this element are tested to withstand both direct sunlight and rain. However, it is recommended to use it in sheltered areas such as covered verandas or terraces. However, it is recommended to cover it properly or bring it indoors during the winter season or when not in use, to protect it from dirt and ensure greater durability.

## CARATTERISTICHE TECNICHE

**Struttura:** basamento in alluminio verniciato. Schienali e braccioli in legno multistrato.

**Imbottitura:** in poliuretano espanso indeformabile a densità differenziata rivestito in materiale impermeabile.

**Piedini:** in alluminio verniciato.

**Rivestimento:** completamente sfoderabile con cuciture "Piatte".

**Poggiatesta:** in poliuretano espanso rivestito in materiale impermeabile. Il posizionamento sullo schienale avviene tramite un nastro in poliestere colore corda, fissato sul fondo con del Velcro.

**Vassoio:** in legno di iroko.

**Accessori in metallo:** tutti gli elementi in metallo quali ganci di fissaggio per gli schienali e i braccioli, viti, graffe e altro sono in acciaio inox.

**Note importanti:** i componenti di questo elemento sono testati per resistere sia alla luce diretta del sole quanto alla pioggia. Tuttavia si consiglia di coprirlo adeguatamente o di portarlo all'interno nei mesi invernali o se non utilizzato, per proteggerlo dallo sporco e garantirne una durata maggiore.

## TECHNISCHE DATEN

**Struktur:** Sockel aus lackiertem Aluminium. Rückenlehnen und Armlehnen aus mehrschichtigem Holz.

**Polsterung:** formstabilem Polyurethanschaum verschiedener Härtegrade, bezogen mit wasserdichtem Material.

**Füße:** aus lackiertes Aluminium.

**Bezug:** komplett abziehbar mit „Flache“ Nähten.

**Kopfstützen:** aus Polyurethanschaum, bezogen mit wasserdichtem Material. Die Positionierung auf der Rückenlehne erfolgt über einen seilfarbenen Polyesterband, das am unteren Ende mit Klettverschluss befestigt ist.

**Tablett:** aus Iroko-Holz.

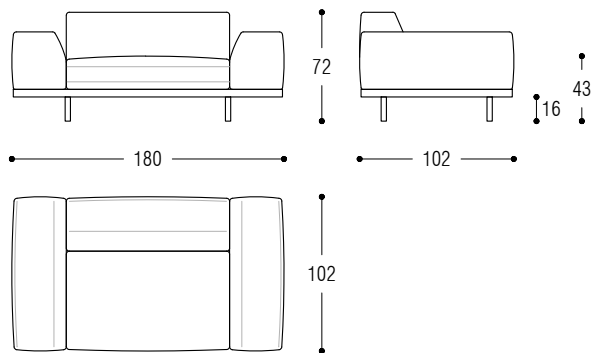

**Metallzubehör:** alle Metallelemente wie Befestigungshaken für Rücken- und Armlehnen, Schrauben, Klammern etc. sind aus Edelstahl.

**Wichtige Hinweise:** Die Bestandteile dieses Möbelteils sind auf ihre Widerstandsfähigkeit gegen direkte Sonneneinstrahlung und Regen getestet. Es wird jedoch empfohlen, es in den Wintermonaten oder bei Nichtgebrauch angemessen abzudecken oder an einem geschützten Ort unterzustellen, um es vor Schmutz zu schützen und eine längere Lebensdauer zu gewährleisten.
